About the Society

Diesel and Electric Modellers United (demu) was formed in 1994 as an independent society catering for all modellers of the railways of British and Ireland in the diesel and electric era regardless of scale/gauge affiliations or modelling ability.

We aim to promote all aspects of this period by exchanging information and ideas in our quarterly magazine 'UPDate', and our members-only web forum, which feature modelling and prototype articles on a wide range of subjects. We try to cover subjects not normally seen in the mainstream modelling press and aim to be as in depth, informative and as accurate as possible. Back issues of 'UPDate' are still available, either individually or in Compendium form through the Membership Secretary.

We have a network of area groups established across Britain that hold regular meetings and we hold an annual Showcase where the very best of diesel and electric era railway modelling may be seen. More information about the groups is available from the Roadshow and Area Groups Officer

Our website can be found at: www.demu.org.uk where there is also a very active members-only web forum.

A scale drawing service is available to members, along with digest sheets on D&E related subjects.

We are also working with various kit and RTR manufacturers to provide prototype information and market research on proposed new products.

Membership Subscription Rates – Effective from 1st July 2009 for 12 months (inc UPDate)

	UK		Rest of World
Adult	£18.00		£25.00
OAP	£15.00		£25.00
Junior (u/16)	£15.00		£25.00
Family	£20.00		£25.00

(family - 2 or more members at the same address, but receive only one copy of UPDate)

Please see application form overleaf or contact the address above for more details
